The Mayor's Gang Prevention & Intervention Taskforce is hosting this Summit to bring together cross-sections of our community including law enforcement, schools, social services, criminal justice systems, community based service providers, public health, and faith leaders, among others. Presented as an exceptional networking forum for those involved in this work, the Summit offers discussions and speakers on Prevention, Public Policy, Intervention, Re-Entry, Gangs and Youth. Please join us for a day of education, networking and strategic discussions on these important issues facing our community.
